

# UVAC – Safety and Evacuation

updated 05/04/23

In the case of a Facility Emergency, follow the instructions of facility staff.

- Emergency Exit doors are located at each end of the competition pool deck at the lane 0 side of the pool.
- **PLEASE** do **NOT** block those doors or the stairs with bags, chairs, or equipment.
- In inclement weather, people may be allowed to stay in the facility near the exit until needed to evacuate (shelter in place) by the far corner exit.
- Spectators will exit via the pool deck or the lobby depending on the location of emergency issues.
- If there is a need to evacuate, all individuals will meet in the left corner of the front parking lot.

## Other Medical Emergencies

- Report any injuries or health emergencies to a lifeguard.
- An AED (automatic defibrillator) is available in the lobby by the base of the stairs.
